

## 2002 Herpetofauna Survey: Datasheet

<b>Point Name</b>	Administrative Unit	Subunit	Date:
			Observers: _____
Visit #:	Start Time:	End Time:	Recorders: _____
Site Detection: Aerial Photo Topo Map Incidental NWI Map	Locality:	Total Search Time (# of observers x time spent searching):	
State:	County:	Topo Map Name :	
Datum:	UTM Zone:	GPS EPE:	Elevation (M):
UTM Easting	UTM Northing	Owner Type	Owner Name
<b>Circle One Choice Unless Noted Otherwise</b>			
<b>Habitat Type</b>	<b>Primary Pond Substrate</b>	<b>NORTH Shoreline Characters</b>	<b>Emergent Vegetation Species (Pond): Rank in order of Abundance</b>
Lake/Pond/Wetland/Vernal Pool	Silt/Mud	<b>Shallows:</b>	Sedges
Bog	Sand	Present	Rushes
Fen	Gravel	Absent	Grasses
Wet Meadow	Cobble	<b>Emergent Vegetation:</b>	Water Lily
Ditch/Roadside Puddle/Rut	Boulder/Bedrock	Present	Cattails
Spring/Seep	Other	Absent	Bulrushes
Creek/Brook/Stream/River	% of Water Body with Emergent Vegetation	% of Site <= 50cm Depth	Shrubs
Oxbow/Backwater			Other _____
Beaver Pond	0	0	<b>Max Water Depth (M)</b>
Terrestrial	1-25	1-25	<1
Other	26-50	26-50	1-2
<b>Site Origin</b>	51-75	51-75	>2
Beaver	76-100	76-100	<b>Dist. of Pond to Forest Edge (M)</b>
Flooding	<b>Water Connectedness</b>	<b>Color</b>	<b>pH</b>
Glacial (Kettle ponds, Cirque lakes)	Permanent	Clear	<b>Conductivity</b>
Human Altered	Temporary	Stained	<b>Water Temp (C)</b>
Manmade/Artificial	Isolated	<b>Turbidity</b>	<b>Air Temp (C)</b>
Unknown	<b>Water Permanence</b>	Clear	<b>% of Site Surveyed</b>
<b>Weather</b>	Permanent (Never Dries)	Cloudy	<b>Avg Site Length (M)</b>
Clear	Semi-Permanent (Rarely Dries)		0
Partly cloudy	Temporary (Dries Annually)		1-25
Overcast	Unknown	<b>Avg Site Width (M)</b>	26-50
Fog or Mist	<b>Wind</b>		51-75
Rain	Calm/Light	<b>Fish Present?</b>	76-100
Sleet or Hail	Moderate	Yes	100
Snow	Strong	No	<b>Other Taxa</b>
<b>Camera #:</b>	<b>Frame #:</b>	<b>Fish Species (If Identified)</b>	
<b>What side of Site was the Photo taken from?</b>			
<b>What direction was the Camera pointing?</b>			
<b>Human Impacts or Modifications</b>
